Duce Breaks Long Silence in Speech Shorn of Bombast

Hitler Making A Desperate Effort To Stem Offensive

BULLETIN
Allied Headquarters in North Africa, Dec. 2—(AP)—American and British troops tightening the ring around Bizerte have smashed back with "heavy losses" the biggest German counterattack of the Tunisian campaign, an Allied headquarters spokesman said today.

London, Dec. 2—(P)—Lieut. Gen. Kenneth A. N. Anderson's crack shock troops were reported today to have captured part of the highway linking Tunis and Bizerte, severing the last land communication between the two Axis strongholds in Tunisia.

The report, from the Morocco radio, was not verified from Allied force headquarters.

This gain would isolate the enemy penned up in Bizerte and leave him only one way of escape—by sea.

Allied troops, the Berlin radio reported without elaboration, "have reached Axis defense lines before Tunis and Bizerte."

The Morocco radio also said Allied troops were battling the main Axis forces between Gabes and Sfax. American and French troops previously had been reported to have crossed the Tunisian coastal road north of Gabes, cutting off the enemy in Tunisia by land from his Libyan base at Tripoli.

Allied bombers continued an around-the-clock bombing of Bizerte, Tunis and Tripoli, with Bizerte heaviest hit in aerial warfare said to be approaching a scale unequalled since the battle of Britain in the autumn of 1940.

United States flying fortresses and light bombers left huge shore-front fires in Bizerte.

Adolf Hitler was rushing troops to Tunisia by sea and air in a desperate effort to stem the rolling Allied offensive to drive his forces into the Mediterranean, dispatches from North Africa said, and tremendous air battles clouded the sky over North Tunisia.

An Allied headquarters spokesman said that despite evident setbacks to the German air force and Hitler's apparent failure to build up his ground strength by any substantial reinforcements, "both the German land and air forces are still fighting hard and making no effort to pull out."

The Italian high command vaguely reported Axis gains in armored force clashes in Tunisia, but its mention of "some dozens" of (Turn To Page Two)

BIG CRUISER WILL BE LAUNCHED ON TUESDAY

Philadelphia, Dec. 2—(P)—The Miami's first big cruiser to be launched at the Cramp Shipbuilding Company yards since 1924—will slide down the ways Tuesday to climax a series of warship launchings over the nation on Monday, anniversary of the Pearl Harbor attack, the Fourth Naval District announced last night.

Mrs. C. H. Reeder, wife of the mayor of Miami, Fla., will christen the ship and Assistant Secretary of the Navy Ralph A. Bard will make a 10-minute speech. Thousands of Cramp's workers will attend the 30-minute ceremony.

As soon as the Miami hits the Delaware River, the navy said, workmen will begin laying the keel of the cruiser Oklahoma City.

FIVE LOSE LIVES IN GEORGIA TORNADO

Lincolnton, Ga., Dec. 2—(P)—A tornado swirling over this section killed five negroes, injured at least a score of persons and leveled several homes late yesterday.

The dead were residents of Lincolnton, in southeast Georgia.

Telephone communication from this city to other sections was cut off by the storm and had not been restored this morning.

WAR BULLETINS

Moscow, Dec. 2—(P)—The death of Victor Perlovsky, 43, leading Soviet submarine designer and official in the central construction bureau of the commissariat of shipbuilding, was announced today.

Washington, Dec. 2—(P)—By a margin of nearly two to one, the house ways and means committee blocked today an attempt to pigeon-hole for the balance of the year a measure granting President Roosevelt wartime powers to suspend tariff regulations.

Washington, Dec. 2—(P)—Striking at small enemy installations on Guadalcanal, American soldiers and marines in the Solomons have captured three light artillery pieces, six machine guns and killed 51 enemy soldiers, the navy reported today.

Allied Headquarters in North Africa, Dec. 2—(P)—Lieut. Col. Edson Raff, who trained United States parachute troops in Great Britain for the invasion of North Africa, was promoted to full colonel today by Lieut. Gen. Dwight Eisenhower in recognition of the accomplishments of his outfit in the African action.

Tokyo (From Japanese Broadcasts), Dec. 2—(P)—Imperial Japanese headquarters announced today "the virtual termination of mopping-up operations in the Philippines" against American and Filipino remnants hiding in mountainous or other inaccessible parts of the islands.

London, Dec. 2—(P)—The great military might of the United States, Great Britain and Soviet Russia must be used in peace to prevent any repetition of aggression, Anthony Eden told the house of commons amid cheers today.

London, Dec. 2—(P)—Sir William Beveridge prepared to carry the defense of his "freedom from want" social security plan today into the stronghold of his severest opposition—a powerful Conservative party committee in the house of commons.

PETROLEUM SUPERVISION REORGANIZED

Order Issued By President Appears To Dispose Of Plan To Replace Sec. Ickes

TEXT NOT REVEALED

Washington, Dec. 2—(P)—President Roosevelt today reorganized the government's petroleum administration, but kept Secretary of the Interior Harold L. Ickes in charge.

No details of the reorganization were available immediately, but the White House promised the text of the order as soon as possible.

The order, however, appeared to dispose of the plan to make Ickes secretary of labor and manpower chief. Authoritative sources have indicated that Ickes had turned down the offer of the new job.

The White House said that pending the text of the order, all they could say about the reorganization was that Harold D. Smith, budget director, in submitting the draft of the order to the president, had expressed belief that the proposal represented the best definition of functions and divisions of responsibilities which can be achieved at this time.

Authoritative sources who cannot be identified said the president and Ickes had agreed at a conference yesterday that the job of exercising over-all supervision of the federal manpower machinery probably should go to some more available candidate.

It was decided, these sources said, that there would be too many complications involved in a three-way cabinet shift which would be (Turn To Page Nine)

45 Years For Man Guilty Of Aiding Spies

New York, Dec. 2—(P)—Anthony Cramer, 42, Yorkville mechanic, convicted of treasonably aiding two of the eight Nazi saboteurs landed by submarine in the United States last June, today was sentenced to 45 years in prison and fined \$10,000.

After sentence was imposed by Federal Judge Henry W. Goddard, Defense Counsel Harold Medina said he would appeal.

At the trial of Cramer, who was convicted Nov. 18, the government charged he gave "aid and comfort" to Werner Thiel and Edward J. Kerling after they landed by submarine on the Florida coast, intent on destroying units of the nation's aluminum industry.

Cramer was accused of meeting the two saboteurs in New York, and of giving false information to Federal Bureau of Investigation agents in an attempt to conceal Thiel's mission and identity.

Both Thiel and Kerling, together with four of their companions, later were put to death after trial by a military court in Washington.

Judge Goddard said he would not impose the death penalty, as recommended by U. S. Attorney Mathias Correa, because "it does not appear that Cramer was aware that Kerling and the others were in possession of explosives or intended to destroy factories."

14 Missing On Lake Erie Tug

Cleveland, Dec. 2—(P)—The tug "Admiral" went down about eight miles off Avon Point early today, and her crew of 14 was missing, the coast guard reported as it sent cutters, tugs and lifeboats to the rescue of the barge Cleveco, which the tug had in tow.

Efforts were being made to bring the barge to either Lorain or Cleveland, and the coast guard requested the civil air patrol to scout Lake Erie waters for possible survivors or bodies.

The cause of the sinking was not known, a coast guard officer said.

The Cleveland weather bureau authorized a statement that strong winds and freezing weather swept Lake Erie at the time of the mishap.

The sinking was the most serious on Lake Erie since 1836, when and women were lost in 1936, when the Canadian vessel Sand Merchant went down about a mile from the scene of today's disaster.

Governor Proclaims Sixth Registration

Harrisburg, Dec. 2—(P)—Governor James today proclaimed December 11 to 31 as the sixth draft registration period and selective service headquarters said an estimated 40,000 eighteen-year-olds would be enrolled.

The youths will sign up at the state's 422 local board headquarters. Those becoming 18 after the registration will enroll on their birthdays.

Registration will be conducted between 9 a. m. and 5 p. m., as follows:

Those born on or after July 1, 1924, but not after August 31, 1924, shall be registered on any day during the week commencing Friday, December 11, and ending Thursday, December 17.

Those born on or after September 1, 1924, but not after October 31, shall be registered any day from Friday, December 18, through Thursday, December 24.

Those born on or after November 1, 1924, but not after December 31, will register any day during the period from Saturday, December 26, to Thursday, December 31.

Many Victims Of Blaze III Of Pneumonia

Thirty-Five Survivors Of Holocaust Battling Dread Disease

TOTAL DEAD NEAR 500

Boston, Dec. 2—(P)—The toll of dead in the Saturday night Coconut Grove night club fire crept close to 500 today, according to a Boston public safety committee tabulation, while the state, city, army and navy moved to investigate the causes of the tragedy and a Suffolk county grand jury gathered.

After a final re-canvas of all its lists, the public safety committee announced that the dead had reached 490—with only three bodies still unidentified—while 174 lay injured or burned in hospitals.

Of the injured, at least 35 had developed pneumonia as a result of inhalation of smoke and heat during the holocaust.

Meanwhile, throughout Boston and in many other communities funerals carried victims to their graves. In some, two and three members of the same family were laid to rest.

The 35 cases developed yesterday, and other cases may appear, he added, as the Boston committee on public safety set the disaster deaths at 474, with all but two bodies identified.

Twin investigations into the fire proceeded apace, one by the city and one by the state, with officials vowing they would follow through to "the last grain of sand."

TONY MARTIN GOING BACK TO LOS ANGELES

San Francisco, Dec. 2—(P)—Dismissed for "unfitness" from the navy with which he had served 11 months, singer-actor Tony Martin returned today to Los Angeles and the prospect of an immediate interview with his Beverly Hills draft board.

The 29-year-old radio and picture performer headed a bus for the south at Oakland last night, dressed in the civilian clothes he had said he did not "want to walk around in."

Navy Chief Discloses Jap Casualties Believed Five Times Greater Than America's

NAVY MORE POWERFUL

New York, Dec. 2—(P)—Viewing the war outlook as the brightest in three years, Secretary of Navy Knox disclosed today that Japanese casualties are believed to be five times greater than America's and that the United States navy is larger and more powerful than "the day before Pearl Harbor."

Balancing the nation's books of war near the end of a year of fighting, Knox told the National Association of Manufacturers' convention in a prepared speech:

"We have expended a lot of precious ships and material, but we have exacted a toll the enemy can ill afford."

Knox asserted that while Japanese casualty figures could not be trusted, even "if they were published," United States intelligence officers estimate that since December 7, 1941, to November 25, "the Japanese in all theatres have lost in killed or permanently injured roughly 250,000 men."

Approximately 37,000, he said, are navy casualties or about 10 per cent of the estimated Japanese naval personnel. "United States losses," he said, are about one per cent of the personnel strength and estimates of comparative loss and damage of ships and planes is "equally encouraging."

"And the first anniversary of the war is still to come," he added. "Yes, I think as long as we do not overlook our failures, there is nothing to fear."

Drive For A Fed. Lottery Is Launched

Washington, Dec. 2—(P)—A new congressional drive for a federal lottery, with war bonds as the prize, got under way today.

Backed by the House, Representative Ramsay (D-W. Va.), who introduced legislation authorizing the treasury department to operate a lottery plan developed by Ernest W. Fogel of Beaver, Pa.

Unlike some other systems, Fogel's plan would guarantee some return to every ticket holder. Each ticket sold for \$1.25 would entitle the buyer to that much credit with local participating merchants on cash purchases of \$25 or more.

The participating merchants, Ramsay pointed out, would get no financial benefit other than the sales they might make to purchasers of tickets who desired to avail themselves of his credit.

However, he pointed out, many merchants undoubtedly would participate in the program through a desire to help in the war effort.

Each ticket purchaser would receive two stubs, a third being retained for the lottery. One stub would be held by the purchaser to prove his ownership in the event his number were drawn, and the other would be redeemable with merchants, but would be valueless so far as prizes were concerned.

Ramsay said conservative estimates of monthly sales were about 20,000,000 tickets, or a dollar volume of \$25,000,000.

Five-Front Fight

From Leningrad to the Caucasus Soviet forces are on the offensive, encircling Rzhnev (1) and pushing toward the Latvian border; threatening a major drive at Voronezh (2); cutting off German columns with twin thrusts at Stalingrad (3 and 4); and attacking Nazis in the Nalchik area (5).

Soon Have To Juggle A New Kind Of Money For Meat

Intricate Phases of Point Rationing System Are Explained

COUPONS CURRENCY

Washington, Dec. 2—(P)—You'll have to learn how to juggle a new kind of money soon to put meat on the table.

Disclosing a few more details of the meat rationing program scheduled for early next year, the Office of Price Administration explained some phases of the point rationing system which has been developed particularly for handling such commodities.

Shortly after New Year's every one will get war ration book No. 2. No. 1 was the sugar book which also is being used for coffee.

Book No. 2 will contain 192 coupons of different colors, denominations, and lettering.

These coupons are the coin of the new money system which Americans will have to master. Instead of pennies, nickels, dimes, quarters and halves, you'll have a red A-1 coupon, a red A-2 coupon, a red A-5 coupon, a red A-8 coupon, a red B-1 coupon, and so (Turn To Page Nine)

CHILD WITH OPEN PIN IN THROAT RECOVERS

Philadelphia, Dec. 2—(P)—Lorraine Menriquez, aged nine months, who came here from the West Indies to have an open safety pin removed from her throat, is on her way home today.

The child was discharged from the Chevalier Jackson Bronchoscopic Clinic yesterday. Her mother, Mrs. Leah Henriquez, who brought her here, booked passage by plane for the return trip.

Lorraine was flown here on an emergency schedule. The pin was removed 11 days ago.

Guffey Is For Pay-as-you-go

Pittsburgh, Dec. 2—(P)—U. S. Senator Joseph Guffey, member of the senate finance committee, says that when the new congress convenes he will campaign for a pay-as-you-go plan for 1943 income taxes, along with postponement of payment of the 1942 tax.

"I am convinced that we cannot stand the shock of collecting the income tax of 1942 and the income tax of 1943 in the same year," he said in a statement.

"We've either got to forgive, postpone, delay or defer the taxes for 1942."

"The government at the end of 1943 will be in stronger financial position by deferring the 1942 income taxes and collecting the 1943 taxes in the year in which they are due, than if it undertook to impose this terrific burden all in one year."

The present collection system, by which the taxpayer is always a year behind, is a mistake, Guffey said.

PEACE TALK IS MINIMIZED BY MUSSOLINI

Premier In Longest Address Of War Endeavors To Whip Up Fighting Spirit of People

DENOUNCES CHURCHILL

By the Associated Press
London, Dec. 2—Premier Mussolini delivered his longest speech of the war today, coughing and breathing heavily with the intensity of his effort to whip up fighting spirit among the Italian people, whom he advised to learn to hate and to cease spreading "silly stories and gossip."

His 81-minute address was shorn of his old-time bombast by the grim turn of the war for his Fascist regime, and in place of his usual lavish promises he complained bitterly that "nobody ever really understood Italy" and that had she stayed out of the war both belligerents would have maltreated her.

In one breath he Duce minimized the cry for peace in Italy; in another he sought to coax back the spirit of resistance by declaring that if the Italian nation gave up it "would renounce forever its dream of being a great nation."

Reading extracts from Prime Minister Churchill's speech warning that Italy would be placed under "prolonged, scientific and shattering attack," Mussolini said Churchill hoped to undermine the resistance of the Italian people. He declared, however, that the Italians "will not be inferior to the British and Russians."

He announced that the war toll for Italy in the first 30 months of conflict amounted to 172 naval ships totalling 227,000 tons; army, navy, and airforce casualties of 94,182 in dead alone, and 232,700 in prisoners.

He said 37,000 more Italians were missing.

Mussolini said 21 British generals had been captured and were interned in Sicily, and that other prisoners included 4,003 other officers and 69,167 men.

He said that RAF bombings of Italy and naval bombardments of her coast had killed 1,876 and injured 2,332, and that in Genoa alone 2,005 houses had been destroyed and 6,121 damaged.

He said there had not been a single case of sabotage nor instance of anti-war demonstrations in Italy.

After his speech the party-union (Turn To Page Nine)

Heavy Snow Covers State

Harrisburg, Dec. 2—(P)—The state highway department reported today the heaviest snowfall of the season in Pennsylvania ranging from one to 10 inches in depth.

The heaviest fall was in the north-central section where there was 10 inches in McKean county, nine in Potter, four in Centre, two in Sullivan and Lycoming and one in Clearfield.

In the northwestern area two to four inches fell with the greatest depth in Crawford, Erie, Warren and Venango counties.

Snowplows were called out in the hardest hit counties while high winds added to the difficulty of keeping the roads free of drifts.

The department reported all roads were open although they are slippery and work crews are clearing grades and curves.

51 Service Men, Two Waves Lost in Blaze

Boston, Dec. 2—(P)—The Coconut Grove nightclub fire Saturday night cost the lives of at least 51 service men—and two "WAVES," a compilation showed today.

Among the victims were 26 naval officers and men, 17 army officers and men, five coast guardsmen and three marines.

The "WAVES" were Helen V. Brooks, of Winthrop, and Grace E. Brown, of Waltham, both recently inducted and scheduled to report for active duty at Cedar Rapids, Iowa, in January.

In addition, an undetermined number of service men suffered injuries.

Plans Progressing For Local Observance On December 7

Plans for the dedication of the Warren County Honor Roll on December 7th, the anniversary of Pearl Harbor, are going forward in a fine manner. The committees are planning to make the event an outstanding one and have contacted most of the civic and fraternal organizations in the city and they are hopeful that for such an occasion all will take part. The hour will be set in the late afternoon, so that many men will be home from work and office and store workers may be able to participate in the line-up of their organizations in the parade.

The parade promises to be a real feature and if the weather be at all fair and mild, it should attract a large crowd. Most of the bands in the city and vicinity have given their assent to taking part in the parade and making the air ring with patriotic and martial music.

The dedicatory service will take place at 5 o'clock in Monument Park, where the Honor Roll will be erected, and its unveiling will be a beautiful ceremony. The Rev. H. A. Rindard, of the First Lutheran church, will give the dedicatory address.

The Honor Roll will contain the names of those persons from Warren county who have gone into the various branches of the United States service and over 1,000 names have been secured. An effort is being made to secure every name and to that end the committee in charge has worked hard in an effort to secure as complete a list as possible.

Inasmuch as the Honor Roll will be for all county men, it is expected that delegations of relatives and friends of the men from all parts of the county will be present as far as gasoline rationing will allow.

Many Favorable Factors Are Seen In Russian Relief Drive

Will the Warren County Russian Relief Drive reach its quota of \$4,000?

This is the question on scores of lips today and in hundreds of minds. As a result of one day's response, a total of \$600.00 has been received. On this basis, it might be doubted whether the \$4,000 total could be reached within the short period of six days allowed to the drive. Nevertheless, many favorable factors are reported. First of all is the indisputable fact, as one member of the central committee expressed it, that "This is without doubt the most popular drive I have seen in some time." It is evident that people of Warren are appreciative of what the Russians have done for us, and sympathetic with their present needs. Especially among working people and people of medium income, the cause of Russia strikes a strong response.

Responses to the 4,000 letters that reached their destinations on Monday are just beginning to come in. It is expected that returns from this source will increase from day to day throughout the week. Booths in the Metzger-Wright and J. C. Penney store, staffed by women volunteers under the leadership of Hope Glassman and Olive Huff, are bringing in a small daily total contribution. A large amount is expected from Warren industries, but there has not been time to hear from these donors as yet. 35 personal letters from Harry Schmidt, member of the central committee, reached heads of such industries on Tuesday and should bring a prompt reply. Retail stores, too, have yet to be heard from in any great quantity. It is believed that chain stores, independent department stores, drug stores, food stores and all other members of the retail community will join wholeheartedly in an effort to make a big contribution in this campaign.

Warren ministers made a unanimously favorable response to the request of Reverend J. A. Davidson, also a member of the central committee, to give publicity to the drive in their sermons last Sunday. It is expected that this will have a great influence upon church members of Warren. Fourteen speakers, organized by O. A. Pressel, have donated time during the past week in making personal appeals to the service clubs and schools of Warren, Sheffield, Tidoute, Sugar Grove and Youngsville, as well as to the Greek Catholic church in Sheffield and the Polish Lodge in Pittsfield. The need for prompt response is emphasized in view of the shortness of the campaign. All contributions should be brought or mailed as early this week as possible. Following are the names of contributions received up to noon on December 1st:

The first and only woman to call the Times-Mirror so far to report a deer killed is Mrs. Harland McAllister, of Youngsville, who shot a four-point buck weighing 115 pounds on Crippen Hill on Monday.

VFW MEETING

Every member of Post 631, VFW, is asked to attend the meeting to be held in the post rooms at 8 p. m. Thursday, since this is the last to take place before the dedication of the Honor Roll on December 7. The committee will serve lunch following the meeting.

SHEFFIELD WOMAN HURT

Mrs. W. W. White, of Sheffield was slightly cut about the nose Sunday when a car driven by her husband was struck by an automobile driven by Russell Butsch of Johnsonburg. The Johnsonburg driver pulled into the line of traffic from behind a parked car. Damage to the White car amounted to about \$50.

TWO MEETINGS PLANNED

A two-sectional meeting of the stockholders of the Meadville Production Credit Association has been announced by James M. Hall, President. The first section is to be held in Meadville, December 15 and the second section in Union City on December 16, both at 10:30 a. m. By holding the meeting in sections, it is hoped that more farmers will be able to attend in view of the age and tire situation.

Registration Is Required By Landlords

Despite the fact that every precaution has been taken to notify the landlords of Warren County to the effect that properties rented or offered for rent must be registered, the present day finds many a landlord who has so far failed to obey the summons.

Registration is required by law—Federal Law—and failure to register may mean severe penalties. However, the local rent offices wishes to be as lenient as possible and therefore, again reminds every landlord of the necessity to register. Tenants are already calling in to ask about their tenant's copies and other interested parties have inquired as to whether certain properties have been registered. Even though the Times-Mirror has constantly published the Maximum Rent Regulation Requirements, the Rent Office can appreciate the fact that such notices may have passed unnoticed. November 15, 1942 was actually the deadline for such registrations, but registrations filed immediately will be accepted without question.

The Rent Control Measure was not designed to harm anyone. Actually property owners, as a class, may consider themselves one of the most fortunate groups in the country, since not only have they had nothing taken away, but they look toward a future of decreasing competition and increasing demand for their commodity.

Warren Girl Wins Degree At University

Miss Eleanor Abendroth, daughter of Mr. and Mrs. F. L. Abendroth, 1 New street, who will receive her bachelor of arts degree from Friends University in Wichita, Kans., in June, is among those students who are the winners of the annual award of the Junior-Senior Class of Warren County High School.

Selection for this honor is the result of impartial consideration on the part of competent college authorities. Requisites are character, scholarship, leadership in extra-curricular activities, and potentiality for future usefulness in business and society.

Miss Abendroth is president of the Inter-Society Council for the second year; co-editor of the Student Directory; treasurer of the senior class; a member of Student Council and Iota Theta Mu. She was editor of the 1942 annual and secretary of the junior class.

She was graduated from the local high school in the Class of 1938.

Mr. and Mrs. A. L. Thayer, Main street, spent Thanksgiving at the home of their granddaughter, Mrs. Clarence Engler, Corry.

We are sorry to hear that word was received from Robert Perry, Oil City, and Harry Perry, Borne Bach, N. Y., former residents of North Warren, to the effect that their mother passed away at Ringgold, Pa. Funeral services were held there last Wednesday. Mrs. Perry had visited here many times and friends will regret her death.

Mr. and Mrs. Howard Brown and daughter June, Hamburg, N. Y., were Saturday evening guests of Mr. and Mrs. Stuart Whitesell.

Word has been received that the funeral of Harry Hutchison, Oil City, will be held on Wednesday afternoon.

Don't forget those old silk stockings!

ENTERTAINMENT RIGHT HERE AT HOME

Gas rationing is no longer a topic to be discussed as to whether it should be or should not be—it is now in effect. Many a fun-loving person faces a future that looks dull in comparison with what it once used to be. Those trips that brought such a wealth of entertainment—those pleasant meals at some quiet drive-in place—those road shows that appeared in neighboring cities, just a short drive from here—where are they now?

One of the most interesting evenings ever to be planned right here in Warren, comes at a most opportune time. It's the Stage Door Canteen sponsored by the Woman's Club on Friday evening at 7:00. Here's a wealth of entertainment (you can walk to the Woman's Club); a pleasant meal (everyone knows what wonderful dinners are served by the Woman's Club); a floor show (right at the Woman's Club); exciting games and music and dancing. Folks are feeling ever so patriotic now that they have cheerfully accepted gas rationing, but they'll feel twice as patriotic if they attend the Stage Door Canteen. It has been designed to boost the sale of War Savings Bonds and Stamps in the community.

Don't wait for a second invitation—ladies with gentlemen, gentlemen with ladies, just the ladies or just the gents—come one, come all. Service men are cordially invited as guests of the Woman's Club.

WINNING WAR OF NERVES

Benito Mussolini admits today that the United Nations were winning the current round of the war of nerves against his sorely beset people.

His admission was not put in so many words; it lay in the fact that he spoke at all.

Obviously the psychological warfare the Allies are concentrating on Italy, which reached a climax Sunday in Winston Churchill's broadcast, forced the Duce to break a virtual silence of almost a year.

Reading excerpts from the speech which came over the Associated Press wire early today, it is difficult to see how it could have warmed Italian hopes or dispelled Italian fears. To alien ears, in which the sonorous cadences of Churchill's pronouncement of doom on Italy still are ringing, it sounds as feeble as a popgun reply to a battleship's broadside. Its tone and content seem to be that of a non-Italian defeatist. It may have sounded different to those it was meant to reassure.

There is no doubt the campaign Churchill launched nearly two years ago with the speech pointing to the "one man and one man alone" who led Italy to war, is getting results.

ALCAN HIGHWAY

Crowded onto inside pages by more spectacular happenings was a United Nations achievement so important that details may not be publicized until the war is over. That was completion and opening of the Alcan Highway making available a motor road from the United States through Canada to Fairbanks, Alaska.

We and the Japs can guess at the military importance of the road from the fact that in these times of scarce materials, equipment and manpower, it was pushed 1681 miles through one of the world's great wildernesses in seven months and 17 days. There are no submarines lurking under the Alcan Highway.

KEEP SAVING RUBBER

Don't get careless about your tires merely because in theory you are eligible for replacements or recapping when needed. All that the new order means is that the available rubber will be made to go as far as possible.

"In the event a (local tire) board receives more valid applications than it has quota to accommodate, it will have to decide among the applicants on the basis of relative importance to the war program, public health and public safety," says an official statement.

That is the red flag to be headed.

COFFEE-STRETCHING

The experiment of a restaurant chain in trying to stretch its coffee supply with cereal substitutes has resulted in a resounding flop and an abject apology.

Ersatz may be good enough for Nazis, but apparently Americans prefer one cup of the real thing to several of a weak imitation.

Birth of a Beautiful Idea

Washington In Wartime

(First of Two Articles on enemy propaganda in the U.S.)

By JACK STINNETT

WASHINGTON—There are several wartime agencies in the government whose duty it is to worry about Axis propaganda in this country. Oddly, United Nations successes in Africa and the Pacific have brought greater worries than since the war started.

In recent weeks Berlin and Rome short wave broadcasts have quadrupled their efforts to make Great Britain and the United States in particular and all the other United Nations in general suspicious of each other. This has happened almost simultaneously with United Nations successes on the Russian, African and Pacific fronts and apparently a reaction in many quarters is that it will be all right now to relax for a while.

I might add that although it is not correspondingly as important, many Washington commentators—your own included—have received a number of letters recently saying that the last election should be "a warning to warmongers in the capital that this country doesn't want any part of these foreign wars."

THE unfortunate part of this, according to government specialists here, that it has come

just at the moment when there has been some unfortunate division in the United Nations over certain manipulations, public relations, and future aims.

I think perhaps it is time for a little debunking. To get rid of the chatter "that the election was a reprimand to warmongers," run over the complete list of the men elected. If there was one elected on anything but a "win the war first" platform, Washington hasn't heard of him.

THEN there is the story that we are losing this war in the Pacific and that the Navy hasn't been telling the truth about what is going on there.

Grant that the Navy hasn't hastened out with every item regarding some of our misfortunes; still the story is as leaky as a wire basket. For proof, you can ignore our own communiques and go directly to the Japs. The Jap radio lies so fast that it frequently trips over its own falsehoods, but not since the fall of Burma and the Dutch East Indies have the Japs made any claims to gains of new territory and they have admitted our important recapture of portions of those vital bases in the Solomons.

(Tomorrow: Debunking the "it's all over" story.)

Man About Manhattan

By GEORGE TUCKER

NEW YORK—We come now to the sad story of Paul Laval, versatile musical conductor who is perhaps best known for his authentic jazz playing and conducting on the justly famous radio show known as "The Chamber Music Society of Lower Basin Street."

Paul spent close to a year composing something he calls "Symphonic Rumba." When Leopold Stokowski heard it, he asked permission to put it on his NBC broadcast. Paul couldn't say yes fast enough.

So the date was set—Nov. 15. That was the day President Roosevelt made a special address, and half an hour of the Stokowski program, including of course Paul Laval's "Symphonic Rumba," was heard only in Never-Never Land.

The composer (his name was Laval when it was a name to wear proudly) derives small comfort from Stokowski's promise that the work will be presented at a later date. "You never can tell," observes Laval sadly. "When the President will speak again."

THE war is bringing out of semi-retirement Jack Norworth for the role of Grandpa Martin Vanderhof in USO-Camp Shows' production of Kaufman and Hart's "You Can't Take It With You." Jack now is rather stout and his thinning hair is peppered with gray. Once he was a matinee idol, and in 1907 he was the unforgettable Nora Bayes were married.

Together they were the highest priced team in the world. They appeared in the first Ziegfeld Fol-

lies, in which she introduced his song, "Shine On, Harvest Moon," and in the second Follies around of his hit, "When It's Apple Blossom Time In Normandy," which your mother may have sung to you when you were a baby.

During the last war Jack entertained troops in England and France, and in ensuing years he has played in various musicals. Two more of his hits were "Take Me Out To The Ball Game" and "Come Along My Mandy." His marriage to the late Miss Bayes didn't last, but he has been writing her life story for a screen dramatization. His hobby is a collection of 30,000 of "the tiniest of everything" which has been displayed in museums all over the country.

It was my good luck to be on hand for the third birthday party of "Life With Father," which was fun because the rooms at Sherry's seemed full of red-headed Day boys, past and present, of all sizes and ages. Most of them, upon arriving, went straight to Howard Lindsay and said, "Happy birthday, father," then singled out Dorothy Stickney (Mrs. Lindsay as well as Mrs. Day) and politely shook hands with her too.

Members of the Percy Warem-Margalo Gillmore road company were there, and members of the "Strip For Action" company, that being another Lindsay-Crouse play, and stage hands and real mothers and fathers of the Day boys—and the real Mrs. Clarence Day, a small, energetic blonde woman stylish and attractive in widow's black. Meantime, the play goes into its fourth year, billing up new statistics daily.

Farmers To Pick Community Committee Men On Friday

Farms of Warren county will take their first and most important step in preparing to do their share to meet the 1943 food requirements of the United Nations when they elect AAA community committeemen at local meetings Friday, according to W. L. Armitage of Spring Creek, chairman of the county AAA committee.

"Shortage of labor, materials and transportation will make 1943 the most difficult year in history for farmers," Mr. Armitage said, "but food is a vital necessity, and the production job must be done—our boys in the armed services are counting on us."

Mr. Armitage called the attention of farmers to Government programs designed to make available the essential labor and farm supplies and pointed out that the community committeemen who will be elected Friday will be responsible for the effectiveness of these plans.

"Elect an alert neighbor as community committeeman and then tell him when you have a labor problem or when you need some rationed building materials, and you will get the help possible," Mr. Armitage declared. "Vote for the best man on Friday and you will take your first step toward the solution of 1943's problems."

November Business In State Shows Rise of Ten Per Cent

State College, Pa., Dec. 1.—General business for October in 16 leading industrial areas of the state averaged 10 per cent better than in October, 1941, the monthly business survey of the Pennsylvania State College revealed. From September to October, however, business in the state fell, but 13 showed losses from September after seasonal adjustment, the average loss for all areas being three per cent. Erie and Williamsport showed the greatest gains in general business over that of October, 1941, the former showing a gain of 31 per cent and Williamsport a gain of 26 per cent. Industrial activity in Pennsylvania during October was at the highest level for that month in the history of the state, increasing 16 per cent over the previous October. After seasonal adjustment, activity was not as high as in July, August, and September. The cost of living rose nearly 10 per cent over a year ago and 20 per cent since 1939. From September to October the cost of living rose 0.6 per cent. Reports of conditions in Warren are as follows: Postal receipts were \$49,010, a loss of 41% from those of a year ago. From September to October they made a less-than-seasonal increase of 27%. Receipts for the last 10 months were down 21% from a year ago. Industrial power sales broke all records and increased 28% over those of October, 1941. From September to October they made a seasonal expansion of 3%. Sales for the year-to-date were 31% above those of 1941. New car and truck sales in Warren county were only 3, a loss of 5% from those of a year ago. Five vehicles were rationed in September. Sales for the 10 months to date were 112 or 91% above those of last year.

Building operations were \$12,400, a gain of 142% over October, 1941. September operations were only \$350. Operations for the year so far were down 39% from last year. Telephones in service on November 1 were 5,492, a new high and a gain of 166 in the past 12 months. Factory employment in the Kane-Oil City area of 5 counties was at the best October level in any recent year and increased 7% over a year ago. From September to October they made a less-than-seasonal expansion of 1%. The index of employment fell to 118, a loss of 2 points after adjustment from September. The years 1935-1939 are 100. Employment for the first 10 months averaged 12% above last year. Factory payrolls broke all records for any month in recent years and increased 24% over 1941. From September to October they made a less-than-seasonal increase of 5%. The index fell to 197, a loss of 5 points from September after adjustment. The years 1935-1939 are 100. Payrolls for the year-to-date were 36% above those of 1941.

TRANSFERRING WORKERS Philadelphia, Dec. 2.—(P)—The War Manpower Commission has taken the first step toward the transfer of federal employees in this area to more essential war jobs. Louis B. F. Raycroft, WMP regional director, asked the heads of federal agencies to check the work backgrounds of all workers under them. Six New York state furniture manufacturers have signed contracts to work on plywood planes and gliders instead of their customary products. Great Salt Lake has a maximum depth of only 40 feet, despite its great expanse.

Training For Women Under Consideration

Pennsylvania State College is now considering an additional war training class for women in Warren. Manufacturing Procedures for Women is designed to train women for employment as production clerks, supervisors and inspectors and to up-grade women already in war industries. The course content consists of a review of mathematics, interpretation of technical drawing, blueprint reading, study of manufacturing processes, measurements and gauges, and industrial organization as it pertains to production, inspection and supervision. The course is 112 hours in length and meets twice weekly for 3½ hours a night. There is no charge except for the cost of textbook material and any woman interested in enrolling or desiring more information concerning it should contact Warren E. Miller at the high school.

Board Gives Information On Rationing

Gas rationing is under way and the effect can be noted in the cut down of traffic moving over the streets of the city. It is also to be noted in the diminution of speed of cars traveling over the streets in the early hours of the morning carrying workers to their jobs. Another effect noted is in the number riding in each car. Most of the cars are now full. The day of the man rolling to work alone seems to be passed. The ration board has had a mass of work handling the applications for extra gasoline and Chairman Cowden said recently at the meeting in the court house that at that time over 2000 had been filed and that the board by working hard and long hours could scan and pass on only about 200 per day. Some information has been given out by the ration board relative to the valid period of books, the amount of gas to be secured on each unit, etc. The announcement by the board is as follows: Valid period of "A" Book: Coupon No. 3, November 22, 1942 to January 21, 1943, inclusive. Coupon No. 4, January 22, 1943 to March 21, 1943, inclusive. Coupon No. 5, March 22, 1943 to May 21, 1943, inclusive. Coupon No. 6, May 22, 1943 to July 21, 1943, inclusive. Highway—Unit Value of Ration Books: "A" Book, 3 gallons; "B" Book, 4 gallons; "C" Book, 4 gallons; "D" Book, 1½ gallons; "E" Book, 5 gallons; "F" Book, 5 gallons. Non-Highway—Unit Value of Ration Books: "E" Book, 1 gallon; "F" Book, 5 gallons. Valid periods of all books other than "A" is the expiration date shown on the front cover.

Blaze Levels Chicken Coop Early Monday

Sheffield, Nov. 30.—The fire department was called out around seven o'clock Monday morning to the home of Earl Jefferson, 17 Dunham street. The chicken house was on fire. It housed 125 chicks three weeks old and 40 pullets of which about 20 were saved. The family was not at home at the time of the fire, and are not able to account for the fire. A surprisingly large number of cars rolled into Sheffield at a very early hour Monday, to be ready at the crack of dawn, to enter into the deer country for the opening of the 1942 season. The grocery stores were busy and needless to mention, the local gasoline stations supplied a tremendous demand as hunters filled their tanks for the last time before jumping off into the wilds in full knowledge that rationing would be in effect when they returned. It was estimated that between forty to fifty deer were gotten near Sheffield. The Woman's Society of Christian Service will hold its annual Christmas party Tuesday afternoon in the church parlors of the M. E. church. Instead of the exchange of gifts each member is asked to bring twenty-five cents, and a donation of tooth brushes, paste, toilet soap, pins, thread, safety pins and darning cotton for the Ruth M. THE MOST IMPORTANT ANNOUNCEMENT

EVER MADE BY THE U. S. TREASURY DEPARTMENT

The 9 Billion Dollar Victory Loan Drive Is On!

This week the United States Government begins the task of borrowing nine billion dollars from accumulated savings and idle funds in the next several weeks as an essential part of winning the war more quickly and more completely.

During these critical weeks you probably will be visited by a representative of one of the securities firms or banks which are contributing their time and effort — without compensation of any kind—to the Victory Fund Committee. He will explain to you, for instance, the benefits that you can obtain from the new Victory 2½'s—available for the first time. Welcome him as a war worker when he calls. If you miss him, ask your banker or securities dealer for full

particulars. There is no limit to the amount that you can purchase.

Today many American families are torn apart. Millions have left their homes or their jobs; thousands have given their lives and many more are prepared to do so.

But the government, your government, is not asking you to give anything to this Nine Billion Dollar Drive. It is asking you to lend it all of the money you can possibly invest in what is the safest investment in the world—at a good rate of interest.

When the Victory Fund representative calls, please remember this: it is in your own interest, as well as that of your country, to listen to him—and to invest.

BUY THESE VICTORY 2½'s NOW

Twenty-six year 2½ per cent bonds due December 15, 1968, callable December 15, 1963. Issued in coupon or registered form at the option of the buyer. Commercial banks will not be permitted to hold these bonds until ten years after the date of issue. There is no limit on the amount any eligible investor may purchase. Interest is paid semi-annually, June 15 and Dec. 15. The bonds will be sold in denominations from \$500 to \$100,000. In the event of the death of a holder, the bonds may be redeemed at 100% and accrued interest for the purpose of satisfying federal estate taxes. Two series of shorter term obligations: (a) 1½ per cent bonds due June 15, 1948, and (b) ½ per cent certificates of indebtedness due one year after issuance. These securities are open for subscription by banks, and also by all other classes of investors, whether private, corporate or institutional.

Other Treasury Securities offered to investors through the Victory Fund Committee are Treasury Tax Savings Notes A and C, and U. S. Savings Bonds, Series F and G.

*Your COFFEE MAKER

KEEP IT WORKING

You'll have more success with your coffee and your electric coffee maker will last longer if you give it the proper care. Here are a few hints worth knowing.

- ◆ If you have a metal coffee maker, occasionally substitute a tablespoon of baking soda for the coffee, add water, and proceed just as if you were making the morning coffee. This will remove any trace of oil absorbed by the metal, and your coffee maker will be sweet and clean again.
- ◆ If yours is a glass coffee maker with a cloth filter, rinse out the filter-cloth thoroughly with cold water after each use.
- ◆ To make good coffee: Follow the manufacturer's recommendations. Measure coffee accurately. Don't reheat—keep it warm.

If your electric coffee maker needs repairing, take it to your electric appliance service man. He will put it in tip-top shape—and at a very small cost.

Concert Members To Hear Isaac Stern In Return Engagement

Since his New York debut in 1937, Isaac Stern, young violinist from San Francisco, has been receiving increasing attention and commendation from critics everywhere.

When he appears at the Woman's Club tomorrow evening as the second attraction on this year's Warren Concert Association schedule, it will be a mutually pleasurable return engagement, since he first played here in November, 1940, and was most enthusiastically received.

Critics on New York newspapers have written many glowing phrases concerning his playing and his three concert tours have earned him more than approval. In addition to these musical assaults upon New York, he has left the stage cheered by many audiences from Chicago to San Francisco.

One proof of his artistry not to be argued is the many return engagements he has had. Whether he has appeared as soloist with a symphony or has occupied the stage with only his accompanist, Alexander Zakin, the unanimous vote of his audiences is to hear him again—and again.

His program here tomorrow evening will include two sonatas by Mozart and Bach; the Wieniawski Concerto in D Minor; the Bartok-Szekely Rumanian Dances and two Kreisler compositions, the Schon Rosmarin and Liebesfreud. Concluding, he will play Ravel's Tzigane.

Eastern Stars Are Hostesses Honoring Their Past Matrons

Members of Warren Chapter, Order of Eastern Star, held a delightful party in the Masonic Temple building Tuesday evening to honor 16 past matrons of the chapter. They were:

Miss Irma Eba, Mrs. Olive Canfield, Mrs. Laura Rogers, Mrs. Helen Broughton, Miss Florence Shawkey, Mrs. Isabel Burhen, Mrs. Mabel Peel, Mrs. Helen Braunschweiger, Mrs. Alice Thompson, Mrs. Lena Schaeffer, Mrs. Hazel Chesnut, Miss May-Belle Bairstow, Mrs. Mary Regner, Mrs. Beulah Krebs, Mrs. Helen Gilson and Mrs. Hazel Jorgensen.

As each honored guest entered the chapter room, she was presented with a corsage and later each was given a gift. Decorations were attractively arranged in a Christmas theme, complete to the manger scene.

The program included initiation of a class of candidates and a ceremonial depicting the five foolish virgins and the five wise virgins.

At the close of the meeting, all were seated in the dining room for refreshments, table decorations continuing the holiday motif in candles and flowers. Past matrons' places were marked with place cards and white gavel denoting the year of service of each and other members found at their places handy purse calendars.

The next Eastern Star event will be the Christmas party of the Drama Club on December 15 in the Temple.

VIGLIOTTI-ALVITI RITES IN BRADFORD

Willow Creek, Dec. 2—Sylvia Alviti, daughter of Mr. and Mrs. Lawrence Alviti, of this place, became the bride of Tony Vigliotti, of Oil City, son of Dominic Vigliotti, of Bradford, on Thanksgiving morning in St. Bernard's church in Bradford. Father Frederick Reilly officiating.

The bride's gown of white satin had lace trim and her bouquet was fashioned of white pompons and red roses. The bridegroom's sister, Fanny Vigliotti, was maid of honor and bridesmaids were Mrs. Frances Cannon, niece of the bride, and Ida Alviti, her sister. Joan Pascarella and Christine Pace, nieces of the bride, were flower girls. Louis Pascarella was best man and ushers were Ralph Laman and Foster Cannon. Adello Coramato was ring bearer.

A wedding breakfast for 30 guests followed at the Alviti home here and a reception was held later at the Vigliotti home. After a wedding trip to New York City, the couple will reside in Oil City, where Mr. Vigliotti is employed.

FINE RECITAL AT CONSERVATORY

It was very evident that the program of light opera songs found merited approval by the audience which filled the Conservatory auditorium on Monday evening. Solos from The Fortune Teller by Herbert, the Desert King by Romberg, Vagabond King, the Firefly and Rose Marie by Friml were exceedingly well done, vocally and interpretatively, by the student-artists.

The ever-welcome numbers from The Mikado found great favor, while the closing number, an ensemble from Pirates of Penzance, with solo by Joyce Ramsdell, brought the evening to a fitting climax.

Two piano pupils of Dr. LeRoy B. Campbell gave evidence of their fine training, Martin Hulberg playing Dr. Campbell's Rubiyat Prelude with splendid technique, color and power and bringing out all the beauty of this very fine composition; and Vernon Jones giving an astounding performance in scope and agility in Gershwin's Rhapsody in Blue. Edith Haines Kuester gave the singers the excellent support for which she is noted.

Major League Leaders Still At Odds Over Night Baseball

Chicago, Dec. 2.—(P)—The major leagues returned to their wartime baseball discussions today still at odds over night game schedules and what should constitute a standard baseball for the duration.

It was considered likely that both differences would be settled tomorrow when the National and the American Leagues meet jointly with Commissioner K. M. Landis.

Meanwhile, separate sessions continued today, with still no semblance of a player deal in the offing.

The National League voted yesterday that each team be restricted to seven night games in 1943. The American agreed to a maximum of 14 for clubs other than Washington, which was allowed 28 on Clark Griffith's contention that the Senators were the only team

in Washington and that most workers there had daytime hours.

The question of an official wartime baseball was taken up because of a rubber and cork shortage. Both leagues would use rubber, but the National asked a rubber core while the American voted for a cork center. The National League said it was its intention to use a reported one million rubber cores now available with the manufacture of golf balls halted.

The majors, however, were in agreement on these subjects:

1. To hold the 1943 All Star game at Philadelphia's Shibe Park July 7 with the American League as the home team and proceed going to baseball's "ball and bat" fund.
2. To maintain the present player limit of 25 for each club.
3. To extend the present major-

minor league agreement for another year.

A three point request from Joseph Eastman, director of the Office of Defense Transportation that baseball travel be curtailed came in for some attention by the American League, which ordered all its clubs to review spring training plans and to cut down on travel where possible. The result might be a number of changes in exhibition schedules.

The National League, however, became wrapped up in the financial plight of the Philadelphia Phils. President Ford Frick said the league's board of directors were working on three plans to solve the Phils' money problems, but added that he doubted a solution could be found during the Chicago meetings.

Frick also disclosed that a fourth plan, one in which "Bill Terry could fit into the picture," was abandoned yesterday. He hastened to add, however, there might be other propositions forthcoming and that abandoning of this one did not mean that Terry, who resigned Monday as farm director of the New York Giants, might not turn up in Philadelphia.

Navy Has Harvard Accent

Dick Harlow is sworn into Naval Reserve as lieutenant-commander by Capt. C. H. J. Keppeler. Harvard football coach will be in charge of Naval Reserve in Pocono Mountains of Pennsylvania.

Shapiro Is Eliminated

Philadelphia, Dec. 2.—(P)—Bob Montgomery started his campaign to win the lightweight title recently vacated by Sammy Angott by eliminating Maxie Shapiro in a 10-rounder at the arena last night.

The Philadelphia negro, who lost considerable prestige when Shapiro whipped him in the same ring in October, outpunched his New York opponent to gain an unanimous decision and a large measure of revenge before a crowd of 8,119 who contributed to a gross gate of \$18,125.

Shapiro, who floored the negro three times in their October meeting, encountered a different Montgomery this time. Shapiro appeared puzzled by Montgomery's bobbing and weaving tactics that constantly kept the New Yorker off balance and made most of his swings miss.

Montgomery concentrated on a body attack and kept boring in to rap home punches over Shapiro's heart and kidneys and in the pit of the stomach. The Bobcat piled up a big lead on points in this way during the first five rounds. Staved off Shapiro's rally in the seventh and eighth stanzas, then cut loose a hard right in the last round that staggered the New Yorker.

Sports Travel Today

Show must go on, it seems, even though athletic teams and show people share cramped quarters in getting around the country in wartime. Instead of traveling on a 10-car special, as heretofore, the 150 in the company of Ice Follies of 1943 ride day coaches overnight. Charlotte Bracken swings in navy hammock. Murray Galbraith prefers army stretcher across backs of seats. Ruth Stanton knits.

Two Girls and a Nick

YESTERDAY: Rita Ralston steps out into the middle of a beautiful morning—and old Jed Jowers hands her a letter. She would like to steam it open, because it is from the New York bank with which her father has been conducting a jagged correspondence. But she is too old for that sort of thing, so she takes it to her father, and then demands that he show her what it contains. And this he does.

Chapter Two

The Loan

"I DON'T understand," Rita raised her glowing brown eyes in troubled concern. "What loan is this—due three weeks ago—that the New York bank can't extend?"

Ralston replied, "It was a loan on—Blossom Ranch. We had to have the \$20,000 to keep the factory going when the crops failed."

Rita's heart was beating wildly. "You mean—we've lost Blossom

on the porcelain topped table. Swiftly she moved the lunch from the stove to the table.

"Lunch, pops," she called through the open window.

The old man put down his wrench slowly and half-turning he called back, "Be along in a minute."

Rita thought she noticed a look of pain as she caught a glimpse of his profile but the more she thought of it the more she was convinced it was a trick of her imagination. The excitement of the past few hours had done strange things to her nerves.

She waited five minutes before she stepped to the door to call again—she didn't call, her throat tightened at what she saw and her heart was pounding wildly in her breast. Her father had fallen to the ground and was lying quietly on his side. His face was ashen and his lips were a cold blue.

Somehow, she blindly reached his side. He was breathing heavily but was still conscious. She rubbed his cold hands and as she bent over closely she could hear him mutter something. Finally

Bowling

PENN BOWLING CENTER

Paramount Furniture took undisputed possession of first place as they took a clean sweep from Crossets last evening at Penn Bowling Center. A Christensen's 560 and Grosch's 545 failed to help the losers much. Bab's Barbers, by dropping their last game to Kinnear's, took the runner-up position one point behind the leaders.

Scoring honors, Heat Treat, with Randinelli's 568, took three points from Times-Mirror, the only point they garnered being through a combination of Jayne's 222 and Greenlund's 221. Butter-Krusts and Forge Shop split even, with L. Check's 228 and 582 being high total for the evening and high score for the Bakers. The team totals:

Covering The Sports Front!

BY HUGH FULLERTON, JR.

Probably the happiest guy in Boston when Holy Cross handed Boston College that licking Saturday was Art Ross. As long as B. C. kept winning on Saturday, Ross' Bruins couldn't get a tumble for their Sunday night hockey victories, but now Art figures the papers will give him some space.

First word trickling back from the Chicago baseball meetings is that Branch Rickey has tossed Joe Medwick, Bobo Newsom and Schoonhey Rowe on the market, which may be Branch's way of admitting that he overcharged the Dodgers when he sold them Medwick. ... Chicago's Andy Kerr says that football movies have increased the coaches' work 50 per cent.

Headline Headliner—While the football "bowl" games still were in the doubtful stage the other day, a Minneapolis Times headline writer summed it up this way: "Appraise the horde, and pass the invitations."

Crashing the Gate—When the McClellan Field (Calif.) baseball team was preparing to visit Folsom prison recently, a couple of officials thought it would be a good idea to ask Tiny Bonham, the Yanks' pitcher to go along. ... Driving through the dimout and searching for an unfamiliar house, they snaked right into a parked car. ... The door of the house flew open and out rushed a husky looking athlete. ... It was, of course, Bonham, and after seeing that his car wasn't badly damaged, he agreed to make the trip.

Shorts and Shells—Wilson teachers' college of Washington, D. C., which dropped basketball last winter, has decided to put a team on the court this season. ... According to Bill Benswanger, the Pirates will save transportation by training in California next spring because more Pittsburgh players live near their San Bernardino base than near any other site. ... The "gate" for the Tulsa-Arkansas football game was the largest in Tulsa's grid history because Arkansas insisted that prices should be raised to southwest conference levels. ... First winter "event" of the Milwaukee-Oconomowoc Ski Club didn't require any skis. Members were summoned to put in a day's work smoothing the slopes.

Today's Guest Star—St. Burick-Davton (O) News: "Billy Hillenbrand of Indiana is the highest-ranking student in his journalism class this fall. He's writing a football story for his term paper. ... But the fellow is smart enough not to want to be a sports writer. ... He's really taking a pre-law course."

Ray Robinson Blasts Izzy

Cleveland, Dec. 2.—(P)—Ray Robinson, Inc., isn't listed on the New York Stock Exchange but many a fight fan wished today he owned a slice of the stock.

The company, whose business is fighting by the president and treasurer, Mr. Robinson, better known as Sugar—last night eliminated a business competitor, Welterweight Izzy Jannazzo, on the Cleveland News' 17th annual Christmas fund show at the arena.

"Eliminated" is the word, for the 148½ pound Jannazzo absorbed such a barrage of lefts and rights in the eighth stanza of their scheduled 10-rounder that Robinson was awarded a technical knockout while a crowd of 12,190 who paid \$47,934.98 to watch the program roared its approval.

Records Prove Why Tennessee Is Playing In The Bowl Game

BY ORLO ROBERTSON

New York, Dec. 2.—(P)—Want to know why Tennessee's Volunteers will be appearing in their fourth bowl game in five years when they clash with unbeaten Tulsa in the Sugar Bowl at New Orleans on New Year's Day? Then take a look at their record for the last five seasons.

Since 1938, the southerners have chalked up 47 victories, been defeated only five times and tied once for the remarkable percentage of .904. Not only that, but a compilation of the scoring records of the nation's leading colleges for the five-year period by the Associated Press shows the Vols in front both offensively and defensively. They have rolled up 1,264 points while holding their opponents to 203, an average of less than four points per game.

In winning eight, losing one and tying another this season, the Vols vaulted over Duke's Blue Devils in the five year percentage column. Duke, with an indifferent season, dropped to fourth place, behind Boston College, Notre Dame and Utah.

Tulsa, with 10 straight victories this season, ranks no better than 23rd in the percentage table with a .702 figure. The Golden Hurricane from Oklahoma, however, figures high offensively with 1,016 points scored in 49 games over the five year period.

Georgia, selected to oppose the Pacific coast conference champion in the Rose Bowl, stands still lower with a .680 percentage as the result of 34 triumphs, 16 defeats and three ties. The Bulldogs, however, also have shown plenty of power with a point total of 1,133.

Rita's throat tightened at what she saw.

Ranch?" she cried. "Why, Dad? I was born there. Mother loved it—you love it—it's our home! You can't give that up just to keep the plant running!"

"I won't give it up without a struggle," he said quietly. Her father's hand tightened on hers. "I'm taking the plane for New York tomorrow. I'm sure the bank will listen to reason."

Slowly the tumult in Rita's breast subsided. Peace was in the smile she lifted to her father. "Okay," she whispered.

she made it out, "Call me the Burrows."

Bad Attack

RITA dashed to the house and called the doctor. In five minutes the battered coupe turned into the Ralston driveway. Ten minutes more and the doctor had Mr. Ralston in his bed resting comfortably. Rita waited anxiously in the living room while the doctor gave her father an examination. When the doctor came out of the bedroom and shut the door softly behind him, his pleasant face was serious.

"Your dad will be all right now. Just one of his old heart spells—but a bad one," he told Rita gently. "For the present the danger's over, but he'll have to stay in bed a couple of days and take it a lot easier than he's been taking it."

After the doctor had gone Rita opened her father's door. The color had returned to his cheeks and he was looking almost normal again. She stepped to the side of his bed and kissed him lightly on the forehead.

"Don't worry for one minute. Rolly dear, I'm taking that plane tonight and I'll get Mr. Cunningham to extend that note. I'm sure he will, he'll have to."

Mr. Ralston looked up into Rita's lovely flushed face with genuine pride blazing in his eyes. "You're a real Ralston, child. Go to it, and may God be with you."

ing very immoral about taking a little comfort from our successes. I have said it before and I will again risk the assertion that, in view of the complexities and the enormity of the task, to date this has been America's best run war.

Turning to criticism of the war effort, Knox commented in a departure from his prepared text:

"The typewriter strategists reached an all-time high for inaccuracy when one columnist charged the navy with having prevented a second front in Europe by taking the offensive in the Solomons, on the very day our great armada was in mid-ocean on the way to North Africa. And that was after months of careful, patient preparation."

On the debit side, the secretary of navy cited the nation's 50,000 men killed and missing since Pearl Harbor, the "staggering total" of \$46,000,000,000 spent on munitions and war construction this year, and predicted that the bill for 1943 would be more than \$70,000,000,000.

Knox declared that civilian sacrifices in 1942 were "but the forerunner of what's to come." In 1943, he observed, the nation will have to pay more taxes, work harder and experience more scarcities in many articles of food, convenience and comfort.

ing more slowly at the close of the second week of its sustained drive but it was still claimed to be pushing back, encircling and smashing German units.

The grinding offensive continued on the central front, where the Russians pressed a second winter drive against positions which the Germans occupied a year ago in the Rzhev-Vyazma-Velikiye Lukki area.

Pravda said that the Germans had converted villages into miniature fortresses and were offering stubborn resistance but suffering heavy losses in manpower during the battles to hold them.

A sudden Russian attack on one village was reported to have routed a Nazi Alpine battalion with a loss of 500 dead.

The most sweeping move toward tighter control over night club safety conditions was taken in Boston where police last night closed 51 night clubs and other dine-dance-drink places pending a complete re-check of the premises by building inspectors.

While scores of funerals were being conducted for the victims of Saturday night's disaster, officials in a number of cities studied their building codes and the possible fire hazards of night spots.

BLAME ROACH POWDER FOR POISON DEATHS

(From Page One)

Philadelphia, Dec. 2.—(P)—A poison that killed two Philadelphians and made two others seriously ill was believed by authorities today to be of the same type which took the lives of 47 patients in an Oregon hospital for the insane.

Mr. and Mrs. Paul Labe, both 49, died an hour apart yesterday. Mrs. Mildred Gross, 22, and her son, Charles, 4, who lived with the Labe, recovered.

Deputy Coroner Matthew A. Roth said a quantity of roach powder, identified as the poison that caused the Oregon deaths, apparently became mixed with flour used in preparing a meat pie in the Labe home.

When meat rationing starts, OPA will assign certain letters for use the first month or period of weeks—perhaps red A, B and C for February—and then will put out a price list, in points, on various kinds of meat.

LEHMAN STEPS DOWN AS N. Y. GOVERNOR

Albany, N. Y., Dec. 2.—(P)—Democratic Lieut. Governor Chas. Poletti succeeds Herbert H. Lehman as governor of New York today with the latter's assurance that the state is, financially and otherwise, "in excellent condition."

Poletti, son of a Vermont stone-cutter, will be sworn as chief executive (4 p. m., EWT) soon after Lehman files his resignation with the secretary of state.

Poletti becomes the 46th governor at 39 years of age, one of the state's youngest executives, and serves pending the Jan. 1 inauguration of 40-year-old Republican governor-elect Thomas E. Dewey.

formed members of his Fascist chamber of corporations passed a vote of "unshakable confidence in ultimate victory."

The press was barred from the session, an Axis broadcast account said, and the speech by Mussolini was carried by radio to the Italian people who gathered in homes and restaurants and in little knots outside shops where they could hear the broadcast.

Mussolini promised that Germany would reinforce Italy with "powerful contributions" and said "the joint Italian-German defenses will give the raiders a hot reception."

Women and children are being removed from cities and towns to leave fighters "masters of the situation," Mussolini explained.

There have been reports of mass evacuations from Turin and Genoa, which have been heavily raided by RAF bombers based in England in recent weeks.

The premier complained that "nobody ever really understood Italy" and "every time we asked for something we found obstacles in our path."

He scolded the Italians for circulating "silly stories and gossip" about the Duce and cited as an instance the night he ordered the occupation of Corsica.

The rumor was circulated throughout Italy, he said, that he had undergone an operation and even that he had died.

The total, representing enemy vessels of all types, reached the new figure by the sinking of an enemy destroyer, a 9,000-ton tanker and three cargo ships, were damaged and another of twice that displacement was believed sunk.

Block Leader Plan Is Being Set Up By Leonard Swanson

No Further Word From Missing County Youth

It is learned today that Mr. and Mrs. L. Lindberg, of Yankee Bush, have had no further word concerning the whereabouts of their son, Sgt. Vernon B. Lindberg, since the war department notified them on November 24 that he was missing in action somewhere in the western European area.

The last letter received by the Lindbergs from their son was from England, written November 3 and received on the 25th.

Displays Of Stores Win Approbation

Despite the fact that there are no Christmas decorations or lights on the streets due to the request that electricity be saved Warren's stores are presenting a most beautiful appearance in this Christmas season. Seemingly the merchants are vying with each other to decorate stores and windows in a bewitching manner. Its a stinging cuss that withstands the temptation to open his one-way purse and let the moths out so well have the window and store decorations wrought.

The gay colors of Christmas have been blended alluringly and the displays of toys, games, musical instruments and articles of clothing are all artistically done. The Christmas touch is everywhere and seemingly the shoppers are doing their part. Reports from the stores are to the effect that much buying is under way and that there should be little of the old night last minute rush. The campaign of the post office and express company for early shipping is counting and already a vast amount of parcel shipments are being moved.

The Times-Mirror several days ago published a list of States and the dates on which shipments to them should be made and it is urged that all who have parcels to send by mail or express scan the list carefully and discover just when shipments should be made.

WHAT IS IT?
★WE CAN'T BUY IT
★OUR ENEMIES HAVE EXACTLY AS MUCH OF IT AS WE HAVE
★IF WE ARE TO WIN, WE'VE GOT TO MAKE FAR BETTER USE OF IT THAN THEY DO

ANSWER: TIME

One of the most important pieces of work now being done by the Warren County Council of Defense is that in the hands of Leonard Swanson who is engaged in setting up a Block System for the city. Under this plan every city block will be organized with a leader in charge who can personally or by the aid of assistants contact every resident of the block.

By this method every person can be reached rapidly and the contacts can be used for a diversity of purposes. With the Share the Meat and other campaign assignments in the offing the Block Leader plan is emerging as one of the most important moves of the whole Council of Defense plan.

The Meat Sharing plan opened November 30th, and is a wonderful opportunity to demonstrate what they can do in organizing every home in the land in a coordinated national campaign.

In the recent issue of the Defense Council News attention is called to the Block Leader Plan and in part it says:

Two million pamphlets asking each adult to limit meat consumption voluntarily to two and a half pounds per week—actually only a little less than the amount normally consumed—will be received by Defense Councils in Pennsylvania for distribution through Block Leaders and other volunteers to every home.

Before the literature is distributed, County Nutrition Councils will conduct classes for the Block Leaders to instruct them in all phases of their mission. It is emphasized that there is no shortage of meat, but that the demands are greater, because of our armed forces and our Allies.

The Block Plan has gained quick headway in Philadelphia, Pittsburgh, Harrisburg, Erie, New Castle, Butler, and other Pennsylvania cities. In Philadelphia, 1000 block wardens were assigned to the tin can campaign, and collections increased immediately.

"Many of the new programs will be built around this plan," said Dr. A. C. Marts executive director of the SCD. "It need not be organized strictly on a block basis, but can be varied according to the size of a community and can follow precinct lines or other boundaries."

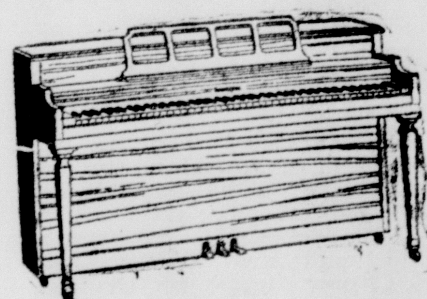

He pointed out that the British found the radio and press appeals only 70 per cent cooperation in their food management program, but that participation jumped to nearly 100 per cent when direct face to face contact was tried.

Block leaders are eligible for membership in the Citizens Service Corps and the OGD suggests that there be one leader for about every ten families. In rural areas a Neighborhood Leader Plan is suggested with the Agricultural Extension Service cooperating.

Warren County Prepares To Do Its Bit In Bond Drive

As a part of the tremendous national effort to sell nine billion dollars in government bonds during the month of December, the Victory Fund Committee of Warren County is taking its part to raise this county's quota.

The government is offering several different types of securities which should appeal to every class of investor from the individual with a few hundred dollars to the largest corporation seeking investment in tax anticipation notes or other forms of government bonds. The bond offered for individual investors is one of the most attractive of recent government offerings in the form of a 2½ per cent bond maturing in 1968 and redeemable in 1963. In addition there are the Series F and G War Savings bonds for both individuals and corporations and shorter term 1½ per cent bonds maturing in a little less than six years, the 7½ per cent government notes maturing in one year and the tax anticipation notes, with which every taxpayer could well fortify himself against the time of payment beginning in March, 1943.

The quota assigned to Warren county is \$3,930,000 in all forms

of these bonds and notes for all investors including banks, business corporations, and individuals and it will be the duty of the Victory Fund Committee of Warren County, made up of a group of leading businessmen, bankers and industrialists, to assist in selling the total amount of bonds assigned to Warren county.

Tires Rolling Into Storage Of Uncle Sam

With the advent of the Christmas season and gas rationing the Railway Express Company management is having its troubles. The Christmas rush has started and packages gay with Christmas labels are going out on every train. The "ship early" slogan is having a good response. However the gas rationing has cut down the gasoline supply to the express trucks by 32.5 per cent which is a slash of about 20 gallons per truck. Accordingly only one trip into each section of the city is being made each day and all special trips have been halted.

In addition to the Christmas rush the expressmen are still shipping tires to Uncle Sam's Buffalo warehouse. So far 3284 tires and 200 tubes have been shipped. There are still many tires to be shipped among them the stocks held by dealers so that shipments may be made up until December 15th, and after that date anyone with a tire on hand will be liable to have trouble with Uncle Sam.

During the past few days shipments of dogs have been numerous. Some of them are being sent long distances, one shipment this week being to Texas. Inquiry developed the fact that as yet no dogs have been sent from this county to the U. S. Army for war service.
